# TRIP PRUITT
## Frontend Engineer

**Phone:** 404.731.1659
**Email:** trip.pruitt.works@gmail.com
**LinkedIn:** linkedin.com/in/trip-pruitt
**Website:** trippruitt.works

Seeking to leverage my 10 years of frontend engineering experience to create clean, modular, and scalable code to produce high-quality interactive experiences. Looking for an innovative engineering team which fosters collaboration and growth internally, while working with modern JavaScript frameworks.

## SKILLS

- HTML5
- CSS3
- SCSS
- Less
- BEM
- JavaScript
- Next.js
- React
- Angular
- Node.js
- Gulp.js
- Grunt.js
- jQuery
- JSON
- Git
- Bootstrap
- Foundation
- Atlassian stack
- Agile Methodology
- Cross-browser testing
- WCAG testing & compliance
- Image & video optimization for web

## PROFESSIONAL EXPERIENCE

**Nebo Agency**                                                            **Atlanta, GA**
Frontend Engineer                                             November 2018 - January 2023

- Engineered 20+ interactive websites and applications by collaborating with backend engineers, designers, copywriters, UX strategists, and project managers.
- Participated in wireframe reviews, design reviews, frontend planning, time estimations, and weekly stand-up meetings with cross-functional teams to meet internal and external deadlines.
- Mentored junior engineers so that they learned best practices, and SOP of our Engineering team.
- Interfaced directly with clients to discuss project requirements, and presented finished work to them to showcase functionality and accuracy of code when compared to approved design.
- Executed QA on projects by performing testing and fixes for WCAG compliance, cross-browser check, and evaluating functionality on multiple devices.
- Refactored legacy code and brought up to modern standards.
- Developed frontend engineering SOP documents to onboard frontend engineers.
- Hosted Engineering Show & Tell, a bi-weekly meeting where rotating presenter(s) showcased a feature they had recently built, or researched.
- Representing Nebo Agency as a volunteer at industry events.

**Freelancer**                                                            **Atlanta, GA**
Frontend Engineer                                             October 2017 - October 2018

- Utilized React on Node.js tech stack in order to develop IoT app tracking client assets including fleet tracking.

**ICON**                                                                  **Atlanta, GA**
Frontend Engineer                                           February 2016 - September 2017

- Partnered with a client's engineering team to create a web app using Angular 2 that organized complex healthcare data for doctors.

**Brainjocks**                                                            **Kennesaw, GA**
Interactive/Web Frontend UI/UX Interface Developer          September 2015 - February 2016

**Codesmith Development**                                                  **Cumming, GA**
Frontend Developer                                                March 2015 - July 2015

**Vroom Digital**                                                         **Atlanta, GA**
Frontend Developer                                             October 2013 - March 2015

## EDUCATION

**The Creative Circus**                                                    **Atlanta, GA**
Interactive Development                                                    Class of 2013

**The University of Alabama**                                             **Tuscaloosa, AL**
Bachelor of Science in Communication and Information Sciences              Class of 2011
